collection program

THANK YOU

SKAMANIA COUNTY
RESIDENTS

FOR ALL YOUR

RECYCLING EFFORTS

Recycling in Skamania County has
increased dramatically throughout the
County. Keep up the good work and
congratulations!

Tips to SAVE money!!

- Bring loads over 40 lbs.
- Try not to dump under 40 lbs a trip - you will pay almost double the rate.
- Keep it dry; water is very heavy at 8 lbs a gallon.
- Recycle – It could save you well over 50% of your dump cost each month.
- Compost – Food and yard waste are very heavy due to their water content. Composting will save you money and produce an environmentally good soil amendment. For further information go to www.epa.gov/compost or call the local WSU extension office.
- www.Junkbusters.com – The best way to reduce waste is to stop getting it. Learn how to eliminate junk mail at this site.
