SMALL DEBRIS BURN PERMITS EXPIRING

All burning allowed under the Skamania County Self-Issue Permit for small debris fires will be null and void as of July 1, 2018. New self-issue permits for small debris fires will be available October 1, 2018, weather permitting.

Recreational fires meeting minimum standards will continue to be permissible but are subject to immediate closure as we move into fire season.

Please be safe as fire danger still exists!
