
CANDIDATE STATEMENT EXAMPLES

County Commissioner District No. 2

Jim Waters (Prefers GOP Republican Party)

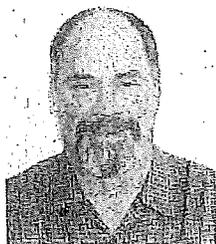

As a lifetime resident and business owner of Skamania County, I feel I have a connection to the people and the needs of our county, especially during these tough economic times. I would be honored to bring my knowledge and love of this county to the position of county commissioner. I will work to make our county business friendly and diligently listen to the needs of the residents. I offer honesty, integrity, and accountability. With all sincerity I would appreciate your vote. Thank you.

Doug McKenzie (Prefers Republican Party)

As a long time county resident I have a vested interest in how this county operates. I have decided to run for this position because of my conservative fiscal views. In these tough economic times I believe that we need tighter control of spending and a firm plan for the future. I have many years of service in the private and public sector. This job as a commissioner will be a tough one requiring long hours and dedication. I am willing to make this commitment with your vote and serve the public in the manner it deserves.

Public Utility District No. 1 Commissioner District No. 1

Dennis L. Gale (Nonpartisan)

I have served with the PUD for over 25 years as the Auditor and another 7 years as commissioner. This period of service has provided me with an extensive amount of experience and understanding of the financial and operational needs and concerns of the electric and water systems, internally and externally.

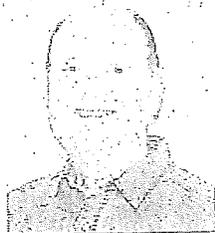

Over the past 7 years the District has improved reliability of the system, put the electric system in a sound financial position, and kept the rates low. My goal would be to further improve system reliability and integrity of the utility using sound business principles.

County Commissioner District No. 1

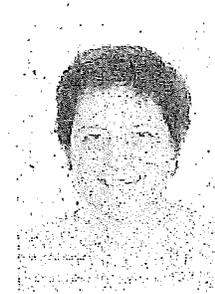

Chris Brong (Prefers Republican Party)

Together we can rebuild and revitalize our community. With your vote and support, I will provide strong and responsible financial leadership based on real funding and rebuild the county Reserve Fund. I will routinely work with leaders of the business community and the many organizations involved in the growth and promotion of our county. I will keep you informed and seek your input and involvement in our county plans. I have 35 years of successful "hands-on" experience working with public and private organizations. I will serve you and Skamania County.

Honna Sheffield (Prefers Democratic Party)

The purpose of local government is to provide the services and infrastructure needed for its citizens to prosper. I will achieve this using fiscally responsible practices and seeking community input throughout my term in office. The County faces challenges needing a balanced approach and effective leadership to solve. I will significantly reduce wasteful spending on travel and capital expenditures and I will provide the essential oversight needed to avoid legal actions. Skamania County needs a new voice on the Board of Commissioners; I need your vote for Commissioner District 1.
